11. The Register of Members and Share Transfer Books of the Company will remain closed from **24th September, 2024** to **30th September, 2024** (both days inclusive).
12. SEBI vide its Notification No. SEBI/LAD-NRO/GN/2018/24 dated 8th June, 2018 read with SEBI press release No. 49/2018 dated December 3, 2018, has mandated that w.e.f. 01.04.2019, except in case of transmission or transposition of securities, request for effecting transfer of securities held in physical form shall not be processed by the Company / RTA of the Company unless the securities are held in dematerialized form. Hence Shareholders holding shares in physical form are requested to get their physical shares dematerialized.
13. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Shareholders holding shares in electronic mode are, therefore, requested to submit PAN to their Depository Participants with whom they are maintaining their demat account.
14. Members holding shares in electronic form are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/mobile numbers, Permanent Account Number ('PAN'), mandates, nominations, power of attorney, bank details such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc. to their Depository Participant only.
15. SEBI vide its circulars dated May 17, 2023, November 17, 2023 and May 07, 2024 has mandated shareholders holding securities in physical form to furnish PAN, KYC (i.e., Postal Address with Pin Code, mobile number, email address, choice of nomination, bank account details, specimen signature) to avail any service request. Pursuant to the aforesaid SEBI Circulars, the Company has sent individual communications to all the Members holding shares of the Company in physical form. In case of physical shareholders who have not updated their KYC details may please submit Form ISR-1, Form ISR-2, and Form No. SH-13/ Form ISR-3. The link for downloading the forms is available on the Company's website http://www.vijaysolvex.com/investor_relationship/statutory_policies_and_downloads and RTA's website https://www.skylinerta.com/downloads_page.php.
16. Dispute Resolution Mechanism at Stock Exchanges-SEBI, vide its circular no. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/76 dated May 30, 2022, provided an option for arbitration as a Dispute Resolution Mechanism for investors. As per this circular, investors can opt for arbitration with Stock Exchanges in case of any dispute against the Company or its Registrar and Transfer Agent on delay or default in processing any investor services related request.
17. SEBI vide Circular Nos. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/131 dated July 31, 2023, and SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/135 dated August 4, 2023, read with Master Circular No. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/145 dated July 31, 2023 (updated as on August 11, 2023), has established a common Online Dispute Resolution Portal ("ODR Portal") for resolution of disputes arising in the Indian Securities Market. Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievances with the RTA/Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>).

18. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in dematerialized form only while processing service requests, viz., Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4. The said form can be downloaded from the Company's website at http://www.vijaysolvex.com/investor_relationship/statutory_policies_and_downloads and is also available on the website of the RTA at https://www.skylinerta.com/downloads_page.php. It may be noted that any service request can be processed only after the folio is KYC Compliant.
19. SEBI vide its notification dated January 24, 2022 has amended Regulation 40 of the SEBI Listing Regulations and has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialization, Members are advised to dematerialize the shares held by them in physical form. Members can contact the Company or its RTA for assistance in this regard.
20. Due to security reasons mobile phones, camera, bags and other accessories are not allowed to be carried inside the meeting premises.
21. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the shareholders in respect of the shares held by them. Shareholders who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she should submit the request in ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the Company's website http://www.vijaysolvex.com/investor_relationship/statutory_policies_and_downloads. Shareholders are requested to submit the said details to their DP in case the shares are held by them in electronic form and to the Company's Registrar and Transfer Agent ('RTA') in case the shares are held in physical form.
22. Shareholders having any query relating to the enclosed financial statements are requested to send the same to the Company Secretary at the Registered Office of the Company at least seven days before the date of Annual General Meeting so as to enable the management to keep the information ready for replying at the meeting.
23. As required under Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard-2 on General Meeting, as amended, details in respect of directors seeking appointment / re-appointment at the ensuing Annual General Meeting is separately annexed hereto.
24. The Board of Directors have appointed Mr. Arun Jain, Company Secretary in practice (Certificate of Practice No: 13932) as the Scrutinizer, for conducting the voting / poll and remote e-voting process in a fair and transparent manner.
25. The Scrutinizer shall within 48 hours from the conclusion of the e-voting period unblock the votes in the presence of at least two witnesses not in the employment of the Company and prepare the scrutinizer report of the votes cast in favour or against, if any, forthwith to the Chairman of the Meeting/Whole Time Director and in his absence to the Company Secretary of the Company.
26. The result of voting shall be declared by the Chairman of the meeting or Company Secretary of the Company on or after the AGM of the Company. The results declared along with the Scrutinizer's Report

shall be placed on the Company's website www.vijaysolvex.com and on the website of the CDSL immediately after the result is declared by the Chairman.

27. The result will also be communicated to stock exchange i.e. BSE Ltd. where the shares of the Company are listed.
28. In Compliance with regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) and Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014 substituted by the Companies (Management and Administration) Amendment Rules, 2015, the Company has provided a facility to the shareholders to exercise their votes electronically through the electronic voting system facility as provided by the Central Depository Services (India) Limited (CDSL). The facility for voting through ballot paper will also be made available at the AGM and the shareholders attending the AGM who have not already cast their votes by remote e-voting shall be able to exercise their right at the AGM through ballot paper. The instructions for e-voting are annexed to the Notice.

29. **THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:**

- (i) The remote e-voting period begins on **Thursday, 26th September, 2024 at 10:00 A.M.** and ends on **Sunday, 29th September, 2024 at 5:00 P.M.** During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) i.e. **23rd September, 2024** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already cast their vote by remote e-voting prior to the AGM may attend the AGM but shall not be entitled to cast their vote again.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants.** Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting **for Individual shareholders holding securities in Demat mode** is given below:

ADJ, Jaipur. The order dated 06.04.2015 passed by Hon'ble High Court of Judicature of Rajasthan was challenged before the Hon'ble Supreme Court of India by the original Plaintiffs by filing SLP (C) No.11870 of 2015 and Hon'ble Supreme Court of India dismissed the SLP vide order dated 29.01.2019. After dismissal of the SLP filed by Original Plaintiffs there is no restraint order against the Company for transferring or alienating its properties/ assets or creating charge over the properties of the Company.

The cases filed against or by the Company under Section 397-398 of the Companies Act, 1956 are still sub-judice before the Hon'ble National Company Law Tribunal (erstwhile Company Law Board), Jaipur/Kolkata which are yet to be heard finally by the NCLT.

The Company owns 247500 equity shares of Saurabh Agrotech Pvt. Ltd., which were illegally transferred. This illegality has been challenged by the Company before the National Company Law Tribunal (NCLT) under Section 111 of the Companies Act, 1956. Since the case is sub-judice before NCLT and Hon'ble High Court of Judicature of Rajasthan, Bench at Jaipur, the holding of such investment is continued to be shown in the books of the Company.

Presently, the Company is registered owner of SCOOTER trademark/device/logo and copyright holder for the artwork of SCOOTER Wavy device which is registered with Registrar of Trade Mark and Copyright in favour of the Company. The Company is taking appropriate legal action against all the persons who are infringing its trademark and copyright. The Company is also defending its right before the Hon'ble Courts and Tribunals, wherever the challenges against use of 'Scooter' and /or any other intellectual property rights of the Company have been made.

The Company filed an Appeal before Appellate Authority, PMLA, Delhi titled Vijay Solvex Limited Vs. Deputy Director, Enforcement of Directorate against order dated 02.05.2019 passed by the Adjudicating Authority, PMLA registered as FPA-PMLA-3117/PTN/2019 and also filed an application for de-freezing the bank account of the Company held in State Bank of India. The application for de-freezing of accounts has been allowed by the Appellate Authority vide order dated 24.07.2019. The said appeal is fixed for hearing on 07.10.2024.

That a 2nd supplementary complaint registered as Special trial No. (PMLA) 01/2020 has been filed before Special judge PMLA Patna in main complaint no. 02/2018 dated 18.07.2018 (in ECIR No. PTZO/05/2016 dated 26.12.2016) before Ld. Sessions Judge (Special Judge (PMLA), Patna for impleading Vijay Solvex Limited as Accused No. 8 in the main complaint. The 2nd Supplementary complaint was listed on 29.05.2024 and same has been fixed for hearing on 04.09.2024.

The Company had filed an application before Directorate of Marketing & Inspection of Agriculture, Cooperation & Farmer Welfare for inclusion of its registered trademark / Trade Brand Label "SCOOTER" for Mustard Oil in CA Book in the year 2016 in terms of the provisions of Agricultural Produce (Grading and Marking) Act, 1937 and Rules made thereunder. However, the said Trade Brand Label "SCOOTER" has not been included in the CA Book of the Company till date. Therefore, Company filed a Civil Writ Petition before the Hon'ble High Court of Rajasthan at Jaipur Bench, being SB Civil Writ Petition No. 16821/2022. Respondent i.e., Directorate of Marketing & Inspection of Agriculture, Cooperation & Farmer Welfare has filed its reply to the Writ Petition. The Hon'ble High Court of Rajasthan, Jaipur Bench vide its Order dated 23.01.2023 directed to implead M/s Vijay Industries as a necessary party as Respondent No. 3. M/s Vijay Industries, Respondent No. 3 has filed its reply and the Company also filed its rejoinder to the reply of Respondent No. 3. The Writ Petition is fixed for hearing on 20.08.2024.

The Company entered into a contract for purchase of Crude Degummed Soybean Oil (Goods) on 3rd March, 2022 with ADM International SARL (Seller). The Company opened the Letter of Credit in the favour of Seller. The goods arrived in India at Kandla Port. However, Seller could not deliver the goods in the absence of valid documents including Bill of Lading. The documents provided by Seller to the Company were also not as per agreement. The delivery could not be made to the Company in time deteriorating quality of the goods.

The Seller requested for extension of validity of Letter of Credit. In the meantime, the prices of goods fell down drastically in the International Market, and Seller tried to sell the goods beyond delivery period at contract price and this proposal was rejected by the Company.

The Seller invoked the Arbitration and filed Claim towards alleged damages before FOSFA. The Company filed its reply, however, FOSFA Tribunal without providing opportunity for Oral Hearing passed an award dated 14.06.2023 against the Company. As per the Award, the Company was directed to pay to Sellers default damages of US\$ 400,000.00 (United States Dollars four hundred thousand) plus interest thereon @ 4.5% P.A. from 6th August, 2022 to the date of payment, compounded quarterly and also to pay the fees, costs and expenses of the award in the sum of £17,167.50 (Seventeen Thousand, One Hundred and Sixty-Seven Pounds Sterling with Fifty Pence) together with compound interest @ 4.5% per annum from the date of the Award till the date of payment.

The award dated 14.06.2023 has been challenged by the Company before the Appellate Authority of FOSFA. Proceedings and arguments before the Appellate Authority of FOSFA was completed on 24.01.2024 and the order/ Award dated 08.05.2024 of the Appellate Authority of FOSFA received on 28.06.2024 is passed in favour of the Company.

The Board is hopeful that the pending cases would be decided in favour of the Company.

**ANNEXURE-VII****MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT**

1. This section shall include discussion on the following matters within the limits set by the listed entity's competitive position:

(a) INDUSTRY STRUCTURE AND DEVELOPMENTS

Throughout FY 2024, India has maintained its position as the fastest growing major economy amid global headwinds. Forecasts by the National Statistical Office reveal that India has clocked a real GDP growth of 7.6% during FY 2024. India's economy demonstrated remarkable resilience and growth in FY 2023-24, with GDP significantly out performing expectations. The Ministry of Statistics and Program Implementation revised GDP growth upwards to 8.2% from its earlier estimate of 7.6%, marking a substantial improvement from the 7.0% growth recorded in the previous fiscal year. This robust performance has propelled the Indian economy to a milestone of USD 3.5 Trillion, setting a strong foundation for achieving the ambitious USD 5-Trillion target in the coming years.

India achieved significant milestones, emerging as the fifth-largest economy with a GDP of US\$3.6 trillion and a nominal per capita income of INR 1,23,945. Its stock market grew, becoming the world's fourth largest, and foreign investment in Indian government bonds surged. India maintained its ease of doing business ranking and saw a decline in unemployment to 3.2% from 6.1% in 2018.

As India progresses towards its economic targets, the country is adopting a multi-faceted approach to growth. While infrastructure development remains a priority, the government is also focusing on key sectors such as energy. India aims to boost its oil refining capacity by over 20% within five years to meet rising energy needs, although volatile crude prices pose a persistent concern. Simultaneously, efforts are being made to reduce reliance on imported edible oils through domestic production incentives and strategic trade partnerships, showcasing a balanced approach to energy and food security. Building on these sector-specific initiatives, India is leveraging broader growth enablers to reinforce its economic trajectory. These include strengthening human capital through skill development initiatives, enhancing the business environment to attract investment, leveraging technology for improved governance, and promoting sustainable development. By focusing on these fundamental drivers of growth, India is positioning itself to not only achieve its economic targets but also to enhance its standing in the global economic landscape, ensuring a more resilient and sustainable path forward.

In FY 2023-24, the Indian edible oil market reached a value of USD 39,966.6 Million, and is projected to reach USD 47,631.5 Million by FY 2025-26, registering a CAGR of 7.92% during the forecast period. India holds the title of the world's largest importer of edible oils, with imports constituting approximately 65%-68% of the country's total annual consumption of 24-25 Million Tons. The market reached a size of 24.7 Million Tons in FY 2023-24 and is expected to clock in a CAGR of 1.35% to 27.9 Million Tons by 2032.

In 2023, India faced a challenging monsoon, experiencing a five-year low in rainfall, with August being exceptionally dry, receiving only 94% of its long-term average rainfall. Despite this, wheat production was anticipated to reach a record 114 Million tonnes in the FY 2023-24 crop year, while rice production was expected to decline to 106 Million metric tonnes due to adverse weather. Kharif pulses production was estimated lower than the previous year due to climatic conditions. The Soybean Processors Association of India (SOPA) reported a revival in soybean meal exports, reaching a record high of 21.33 Lakh tonnes in FY 2023-24 compared to the previous year. This signifies increased global demand for Indian soybean products.

India imported 10.09 Million Tonnes (MT) of edible oils during the first eight months of the oil year 2023-24 (November to October) against 10.36 MT in the corresponding period of the oil year 2022-23, registering a decline of 2.62 per cent. However, India imported 1.52 MT of edible oil in June 2024 against 1.31 MT in June 2023, recording a growth of 16.46 per cent.

Palm oil dominates the Indian edible oil market, accounting for approximately 59% of imports, mainly procured from Indonesia, Malaysia, and Thailand. Following palm oil, soybean oil and mustard oil are prominent in the market. However, domestic production of palm oil remains limited, with over 95% imported. Other major oil seeds cultivated in the country include groundnut, rapeseed, sesame, safflower, linseed, and castor, while soybean, sunflower, rice bran oil, and cottonseed oil have seen an increase in importance.

Furthermore, the government has proposed the National Mission on Edible Oils to boost domestic production and reduce import dependency. Moreover, edible oil prices, which are currently low, may remain range bound +/- 7% due to prospects of lower global output, economic issues, and key producers diverting oils for biofuel amid supply constraints.

(b) OPPORTUNITIES AND THREATS

At present, India is the world's largest importer of edible oil. Over the past six decades, the per capita consumption of edible oils in India has substantially increased. It now stands at approximately 19 KG per year. Factors such as rising disposable incomes, urbanisation, evolving dietary preferences and the expansion of the food processing sector have led to a heightened demand for edible oils in India.

India's edible oil sector is facing various challenges, including volatility of edible oil prices, supply chain disruptions, transportation bottlenecks, storage constraints, distribution challenges, quality and authenticity of edible oils, lower output, global economic issues, import duty structure, high interest rates leading to costly borrowing, weak consumer demand in certain regions, labor shortages, soaring housing costs, disruptions from less global trade, and geopolitical tensions posing threats to energy supply issues etc.

One of the primary drivers of the India edible oil market is the country's rapidly growing population, which stands at over 1.3 billion people. As the population continues to increase, so does the demand for essential food items, including edible oils. Edible oils are a fundamental component of the Indian diet, used for cooking, frying, and as a base for various dishes. Furthermore, urbanization plays a critical role in driving the demand for edible oils. As more people migrate to cities and adopt urban lifestyles, their dietary preferences and cooking habits evolve. Urban consumers tend to favor convenience foods, which often require greater quantities of edible oils. Additionally, as disposable incomes rise in urban areas, consumers are more likely to purchase premium edible oil varieties, such as olive oil or imported oils, which can contribute to increased market value.

Another significant driver of the India edible oil market is the shift in dietary preferences and heightened health awareness among consumers. Traditionally, Indian households predominantly used oils like mustard oil and groundnut oil for cooking. However, changing lifestyles and increased exposure to global culinary influences have led to a diversification of cooking oil.

Government policies and initiatives also have a significant impact on the India edible oil market. The Indian government has implemented various measures to ensure the availability and affordability of edible oils to its citizens. One of the key initiatives is the "National Mission on Oilseeds and Oil Palm (NMOOP)," which aims to increase domestic oilseed production and reduce edible oil imports. Furthermore, the government has introduced policies to promote oilseed cultivation by providing subsidies, research and development support, and incentives for farmers. These efforts contribute to the overall growth of the domestic edible oil industry by reducing the country's reliance on imported oils.

(c) SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

Edible Oil Division

The Edible Oil business continues to account major part of the Company's turnover. The market environment continuous to be very competitive. The Company's products are well accepted in national market under the various brand names. Your company is leading regional player in edible oil

and Vanaspati ghee, backed up with strong distribution network. Your Company faces intense competition from low priced and unscrupulous brands. The outlook of the industry is positive looking to the size of opportunity. The Company is hopeful that there would be healthy market growth over the next few years.

Ceramic Division

Your Company's ceramic division sale performance during the year is Rs. 1923.63 lacs. Company's ceramic products are well accepted in India. Your Company is hopeful of a healthy growth both in volume and value over next few years.

Wind Power Division

During the period under review, Wind Power Generation plant of the Company located at Village Hansua, District Jaisalmer, Rajasthan was not in operation as the segment is not financially viable to run. However, the effect of this segment is very marginal on overall revenue of the Company.

(d) OUTLOOK

India Edible Oil Market has valued at USD 4.2 billion in 2023 and is anticipated to project robust growth in the forecast period with a CAGR of 1.5% through 2029. The India edible oil market is a dynamic and vital component of the country's food and agricultural sector. Edible oils serve as a fundamental ingredient in Indian cuisine, and their consumption is deeply ingrained in the cultural and dietary habits of the population. The India edible oil market is one of the largest in the world, both in terms of production and consumption. The country produces a variety of edible oils, including soybean, mustard, sunflower, ground nut, palm, and coconut oil. These oils are used for cooking, frying, and as essential ingredients in various dishes. With a population of over 1.3 billion people, the demand for edible oils in India remains consistently high, and the market continues to grow steadily.

Edible oils hold cultural and culinary significance in Indian households. They are essential components of traditional recipes, regional cuisines, and everyday cooking practices. Different regions of India have distinct preferences for specific types of edible oils, with factors like taste, aroma, and smoking points influencing their choice. For instance, mustard oil is preferred in North India, while coconut oil is more common in South India. India's large and growing population ensures a steady demand for edible oils. As the population continues to increase, so does the consumption of cooking oils. Additionally, urbanization and shifting dietary preferences have led to an increased consumption of processed and packaged foods, which often contain edible oils as key ingredients. Furthermore, the rising awareness of health and wellness has led to a growing preference for healthier edible oil options, such as olive oil and rice bran oil. Consumers are increasingly considering factors like low cholesterol and heart-healthy attributes.

India's large and growing population ensures a steady demand for edible oils. As the population continues to increase, so does the consumption of cooking oils. Additionally, urbanization and shifting dietary preferences have led to an increased consumption of processed and packaged foods, which often contain edible oils as key ingredients. Furthermore, the rising awareness of health and wellness has led to a growing preference for healthier edible oil options, such as olive oil and rice bran oil. Consumers are increasingly considering factors like low cholesterol and heart-healthy attributes.

One of the prominent trends in the India edible oil market is a growing awareness of health and nutrition, leading consumers to shift towards healthier oil options. Traditionally, edible oils like mustard oil and groundnut oil were widely used for cooking in India. However, in recent years, there has been a noticeable shift towards oils that are perceived as healthier, such as sunflower oil, soybean oil, and olive oil.

Another significant trend in the India edible oil market is the rising popularity of blended oils. Blended oils are created by mixing different types of edible oils to combine their unique properties and offer a balance of taste, nutrition, and affordability. These blends often aim to provide the health benefits associated with specific oils while maintaining the familiar flavors of traditional cooking oils.

The India edible oil market is witnessing a growing demand for packaged and branded edible oils. Traditionally, loose or unbranded oils sold in local markets and neighbourhood stores were the preferred choice for many Indian households. However, consumers are now increasingly opting for packaged oils due to several compelling reasons.

(e) **RISK AND CONCERNS**

One of the most significant challenges in the India edible oil market is the volatility of edible oil prices. The prices of edible oils are influenced by various factors, including international commodity prices, weather conditions affecting crop yields, currency exchange rates, and geopolitical developments. This volatility can have a direct impact on consumers' budgets and food costs, as edible oils are a staple in Indian households.

Supply chain disruptions also contribute to price volatility. Transportation bottlenecks, storage constraints, and distribution challenges can lead to delays in the delivery of edible oils, exacerbating price fluctuations and affecting the availability of essential cooking ingredients. Efficient logistics and supply chain management are crucial for ensuring a stable and affordable supply of edible oils across the country.

India is heavily dependent on imports to meet its edible oil requirements. Despite efforts to boost domestic production, the country's production of edible oils falls significantly short of demand. This dependency on imports exposes the market to international price fluctuations, currency exchange rate risks, and global supply disruptions.

Ensuring the quality and authenticity of edible oils is a persistent challenge in the India edible oil market. Adulteration and misbranding of edible oils are prevalent issues that can have severe health implications for consumers.

(f) **INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY**

Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These systems are designed to ensure that all the assets of the company are safeguarded and protected against any loss and that all the transactions are properly authorized recorded and reported.

The company has an internal audit function, which is empowered to examine the adequacy and compliance with policies, plans and statutory requirements. It is also responsible for assessing and improving the effectiveness of risk management, control and governance process.

(g) **DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE**

During the period under review, on standalone basis, your Company has achieved a Total Revenue from Operations of Rs. 1,82,923.28 Lakhs as against Rs. 2,43,012.51 Lakhs in the previous financial year. The Profit before Finance Cost, Depreciation and Tax is Rs. 703.03 Lakhs, Profit after Tax is Rs. 235.39 Lakhs and Total Comprehensive Income is Rs. 273.88 Lakhs as compare to Rs. 2,703.76 Lakhs, Rs. 1,503.05 Lakhs and Rs. 1,500.72 Lakhs respectively in the previous financial year. During the year the Total Revenue from Operations and Profit after Tax of the Company has decreased by 24.73% and 84.34% respectively due to continued unfavorable market conditions in overall edible oil sector.

(h) **MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED**

The Company considers its human resources as the cornerstone. Congenial and safe work atmosphere, appropriate recognition and rewards, constant communication, focus on meeting customer needs and change management through training are the hallmarks for development of human resources of the company. Every employee is aware of the challenges posed by the current economic environment. Employee morale has remained high even during difficult times. The employees have co-opted fully with the management in implementing changes as required in the market. There were 141 permanent employees on the rolls of the Company as on 31st March 2024.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF VIJAY SOLVEX LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Vijay Solvex Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the material accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Information other than the Standalone Financial Statements and Auditor’s Report thereon

The Company’s management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexure to Board’s Report, Corporate Governance and Shareholder’s

Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard, as for the year ended 31-03-2024 the other information has not yet been prepared and not yet been approved by the board of directors.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate material accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of material accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books of the company.

 - iii There were no amount required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provide under (a) and (b) above, contain any material mis-statement.
 - v The Company has not declared or paid any dividend during the year.
 - vi Based on our examination, which included test checks, the Company has used accounting software’s for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software’s.

Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**Annexure - A to the Independent Auditors' Report**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Vijay Solvex Limited ("the Company") as of 31st March 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- (v) The Company has not accepted any deposits nor has any unclaimed deposit within the meaning of provision of sections 73 to 76 or any other relevant provision of Act and the rules framed there under to the extent notified. Hence, the provisions of Clause 3(v) of the Order are not applicable to the Company.
- (vi) We have broadly reviewed the books of accounts maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148 of the Companies Act, 2013, and are of the opinion that prima facie, the prescribed accounts and records

have been made and maintained, however, we have not made a detailed examination of such cost records.

- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of accounts in respect of undisputed statutory dues including provident fund, employee state insurance, income-tax, GST, duty of customs, cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employee state insurance, income tax, GST, duty of customs, duty of excise, cess and other material statutory dues were in arrears as at 31st March 2024 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no material dues of income tax, or sales tax, or GST, or duty of custom, or duty of excise, or cess which have not been deposited with the appropriate authorities on account of any dispute except following:

Nature of Statue	Nature of Dues	Forum where dispute is pending	Amount (Rs. In Lacs)
Custom Act	Custom Duty	Commissioner of Customs/CESTAT	90.65
Income Tax Act, 1961	Income Tax	Commissioner of Income Tax (Appeal)	150.99
GST Act	GST	High Court	222.69

- (viii) According to the information and explanations given to us and based on our examination of the records of the Company, the company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the income tax Act, 1961 as income during the year.
- (ix) (a) Based on our audit procedures and according to the information and explanations given to us by the management, we are of the opinion that the company has not defaulted in repayment of loans or borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (d) According to the information and explanations given to us, and on an overall examination of the balance sheet of the Company, we report that funds raised on short term basis have not been used for long term purposes.
- (e) According to the information and explanations given to us and on an overall examination of the Standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its associate companies as defined in the Act. There is no subsidiary company of the company.
- (f) According to the information and explanations given to us and the procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its associate companies as defined under the Act. There is no subsidiary company of the company.

- (x) (a) According to the information and explanation given to us, the Company has not raised money by way of initial public offer or further public offer (including debt instruments) or term loan and hence, clause (x) of paragraph 3 of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xi) (a) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) According to information and explanation given to us, no whistle blower complaints were received by the Company during the year and up to the date of the report.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the company issued till date for the period under audit, in determining the nature, timing and extent of our audit procedures.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) (a) In our opinion and according to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.
- (b) The Company has not conducted any non-banking financial or housing finance activities during the year.
- (c) The Company is not Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH' 2024

CORPORATE AND GENERAL INFORMATION

Vijay Solvex Limited ("the Company") is domiciled and incorporated in India and its equity shares are listed at Bombay Stock Exchange(BSE). The registered office of Company is Situated at BHAGWATI SADAN, SWAMI DAYANAND MARG, ALWAR (RAJASTHAN). The Company is a leading manufacturer/producer of Edible Oil and vanaspati ghee. The company is also diversified into ceramics products and wind power. The Standalone financial statements of the company for the year ended 31st March 2024 were approved and authorized for issue by board of directors in their meeting held on 30-05-2024.

MATERIAL ACCOUNTING POLICIES

(1) Basis of Preparation

These Standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act 2013("The Act"),the Companies (Indian Accounting Standard) Rules, 2015 (as amended) and other relevant provisions of the Act.

The Standalone financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the Standalone financial statements and notes are in INR except otherwise indicated. The Financial statement are presented in indian Rupees rounded off to the nearest rupees in Lacs except otherwise indicated.

(2) Classification of Assets and Liabilities into current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

(3) Use of judgements, estimates and assumptions

The preparation of the company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in :-

a) Useful life of property, plant and equipment:- The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately, the equipment may continue to provide useful service well beyond the useful life assumed.

b) Fair value measurement of financial instruments:- When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets:- The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes:- Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statutes by the government etc.

e) Defined benefit plans:- The cost of defined benefit plans and other post-employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

f) Provisions:- The Company makes provisions for leave encashment and gratuity, based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process.

g) Contingencies:- A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

h) Lease:- The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The company determines the lease term as the non-cancellable period of lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In exercising whether the company is reasonably certain to exercise an option to extend a lease or to exercise an option to terminate the lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease or to exercise the option to terminate the lease. The company revises lease term, if there is change in non-cancellable period of lease. The discount rate used is generally based on incremental borrowing rate.

(4) Property, plant and equipment

(i) Property, plant and equipment situated in India comprising land other assets namely Building, Plant & Machinery, Office equipment etc. The company has elected to continue with the carrying value as its deemed cost on 1.4.2016 measured as per previous GAAP and use that carrying value as its deemed cost as on the

transition date. The cost of Tangible assets comprises its purchase price, borrowing cost, any other cost directly attributable to bringing the assets into present location and condition necessary for it to be capable of operating in the manner intended by the Management, initial estimation of any de - commissioning obligations and finance cost.

(ii) Depreciation

Depreciation on Property, Plant & Equipment is provided on Straight Line Method over their useful lives and in the manner specified in Schedule II of the Companies Act, 2013. Property, Plant & Equipment which are added/disposed off during the year the depreciation is provided on pro rata basis with reference to month of addition/deletion. Estimated useful life are as under:

Assets Category	Estimated useful life(In Year)	Useful Life taken (In Year)
Plant & Machinery	25	25
Misc. Fixed Assets	15	15
Computer desktop and laptop	3	3
Servers and networks	6	6
Office Equipment	5	5
Factory Building	30	30
Office Building	60	60
Motor Car	8	8
Vehicles	10	10
Furniture and Fixtures	10	10
Lab Equipment	10	10

(iii) Component Accounting

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

(iv) Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/ erection.

(v) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.

(vi) The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

(5) Investment properties

Investment properties consist of investments in land and buildings that are held to earn rental income or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business. Investment property is stated at cost less accumulated depreciation and impairment losses. Depreciation on building is provided over the estimated useful lives as specified in Schedule II to Companies Act, 2013. The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

**(6) Intangible assets**

Intangibles assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Intangible assets are amortised on a systematic basis over period useful life. For the transition to IND AS, The company has elected to continue with the carrying value of all its intangible assets recognised as of April 1, 2016 measured as the previous GAAP and used that carrying value as deemed cost as of the transition date.

(7) Research and development cost**Research Cost**

Revenue expenditure on research is expensed under the respective heads of accounts in the period in which it is incurred.

Development Cost

Development expenditure on new product is capitalised as intangible asset, if technical and commercial feasibility as per IND AS 38 is demonstrated.

(8) Inventories

Inventories are stated at lower of cost and net realisable value. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and selling costs. The cost is computed on FIFO basis.

Cost of raw material comprises cost of purchase and includes all other costs incurred in bringing the inventories to the present location and conditions.

Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Conversion cost includes direct material, labour and allocable material and manufacturing overhead based on normal operating capacity

(9) Financial instruments

A financial instrument is any contract that at the same time gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized as soon as the company becomes a contracting party to the financial instrument. Financial instruments stated as financial assets or financial liabilities are generally not offset; they are only offset when a legal right to set-off exists at that time and settlement on a net basis is intended.

A. Financial assets

Financial assets include trade receivable, cash and cash equivalents, derivative financial assets and also the equity / debt instruments held. Initially all financial assets are recognised at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for those financial assets and their contractual cash flow characteristics. Subsequently, based on initial recognition/ classification, where assets are measured at fair value, gain and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortized cost less credit loss/impairment allowances. Receivables that do not bear interest or bear below market interest rates and have an expected term of more than one year are discounted with the discount subsequently amortized to interest income over the term of the receivable. Impairment is made on the expected credit losses, which are the present value of the cash deficits over the expected life of receivables. The estimated impairment losses are recognised in the Statement of Profit and Loss. Subsequent changes in assessment of impairment are recognized in the Statement of Profit and Loss as changes in estimates. The company makes provision for

expected credit loss against trade receivables based on the simplified approach (i.e. the loss allowance is measured as the amount equal to lifetime expected credit losses).

Loans & other financial assets

Loans and other financial assets are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and other financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

Investment in equity shares

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss for investments held for investment is recognized through Other Comprehensive Income. Any subsequent gain or loss for investment held for trading are recognized through Statement of Profit and Loss.

Investment in associates, joint venture and subsidiaries

The Company's investment in subsidiaries, associates and joint venture are carried at cost except where impairment loss recognised.

De-recognition of financial assets

The company de-recognises a financial assets only when the contractual rights to the cash flows from the assets expire or it transfers the financial assets and substantially all risks and rewards of ownership of the assets to another entity. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred assets, the company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial assets. The Company continues to recognises the financial assets and also recognises a collateralised borrowing for the proceeds received.

B. Financial liabilities

Financial liabilities such as loans and borrowings and other payables are recognized initially on the trade date, which is the date that the Company becomes a party to the contractual terms of the instrument. Financial liabilities other than fair valued through profit and loss are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

Financial liabilities at fair value through profit or loss

It include financial liabilities held for trading and are designated such at initial recognition. Financial liabilities are held for trading if they are incurred for the purpose of repurchasing in near term and also include

Derivatives that are not part of an effective hedge accounting in accordance with IND AS 109, classified as "held for trading" and carried at fair value through profit or loss. Financial liabilities at fair value through profit or loss are measured at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at amortised cost

Post recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

**Trade and other payables**

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. Trade accounts payable and other non-derivative financial liabilities are in general measured at amortized cost using the effective interest method. Finance charges, including premiums payable on redemption or settlement, are periodically accrued using the effective interest method and increase the liabilities' carrying amounts unless they have already been settled in the period in which they were incurred.

De-recognition of financial liabilities

The company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

In the ordinary course of business, the company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange rate fluctuations. The instruments are confined principally to forward exchange contracts.

Derivative are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Financial guarantee contracts

As per IND AS -109 "Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument."

Initial recognition

The date the company becomes a party to the irrevocable commitment is considered to be the date of initial recognition and financial guarantee contracts are recognised as liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

(10) Impairment of non-financial assets

At each reporting date, the company assesses whether there is any indication that a non-financial asset may be impaired. If any such indication exists, the recoverable amount of the non-financial asset is estimated in order to determine the extent of the impairment loss, if any. Recoverable amount is determined:

- In the case of an individual asset, at the higher of the Fair Value less cost to sell and the value in use: and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

Where it is not possible to estimate the recoverable amount of an individual non-financial asset, the company estimates the recoverable amount of the smallest cash generating unit to which the non-financial asset belongs. The recoverable amount is the higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. If the recoverable amount of a non-financial asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the non-financial asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognized immediately in the statement of Profit and Loss. Where an impairment loss subsequently reverses, the carrying amount of the non-financial asset or cash generating unit is increased to the revised estimate of its recoverable amount. However, this increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for that non-financial asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized immediately in the statement of Profit and Loss.

(11) Foreign currency transactions

(i) The functional and Presentation currency

The functional and Presentation Currency of Company is INR.

(ii) Transaction and Balances

Currency Transactions denominated in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in such currencies are

retranslated at the rates prevailing on the balance sheet date. Profit and losses arising on exchange are included in the net profit or loss for the period. Pursuant to exemption given under IND AS 101 the company has continued the policy for accounting for amortization of exchange differences arising from translation of long-term foreign currency monetary items over the tenure of loan. Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference.

(12) Revenue recognition

In accordance with Ind AS 115, the company recognises revenue from sale of products and services at a time when performance obligation is satisfied and upon transfer of control of promised products or services to customer in an amount that reflects the consideration the company expects to receive in exchange for their products or services. The company derives revenue primarily from sale of manufactured goods and traded goods. The company disaggregates the revenue based on nature of products/Geography. Revenue/Loss from bargain settlement of goods is recognized at the time of settlement of the transactions.

• Dividend income

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

• Interest income

Interest income is recognised on effective interest method taking into account the amount outstanding and the rate applicable.

(13) Employees Benefits

(a) Short term employee Benefit

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus are recognized during the period in which the employee renders related service.

(b) Defined Contribution Plan

Contributions to the Employees' Provident Fund and Employee's State Insurance are recognized as Defined Contribution Plan and charged as expenses in the year in which the employees render the services.

(c) Defined Benefit Plan

The Leave Encashment and Gratuity are defined benefit plans. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each balance sheet date, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. Re-measurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods. Past Service cost is recognised in the statement of profit and loss in the period of plan amendment.

The Company recognises the following changes in the net defined benefit obligation under employee benefit expenses in the statement of profit and loss.

- Service costs comprising current service costs, gains and losses on curtailments and non-routine Settlements.
- Net interest income or expense.

(d) Long term Employee Benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.

(e) Termination benefits

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (i) when the entity can no longer withdraw the offer of those benefits; and
- (ii) When the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

(14) Borrowing costs

(a) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

(b) For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

(c) All other borrowing costs are recognised as expense in the period in which they are incurred.

(15) Leases

The company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measures at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any re-measurement of lease liability. The right of use assets is depreciated using the Straight Line Method from the commencement date over the charter of lease term or useful life of right of use asset. The estimated useful life of right of use assets are determined on the same basis as those of Property, Plant and Equipment. Right of use asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in Statement of Profit and Loss.

The company measured the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company uses incremental borrowing rate.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modification or to reflect revised-in-substance fixed lease payments. The company recognises amount of re-measurement of lease liability due to modification as an adjustment to write off use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and there is further reduction in measurement of lease liability, the company recognises any remaining amount of the re-measurement in Statement of Profit and Loss.

The company has elected not to apply the requirements of Ind AS 116 to short term leases of all assets that have a lease term of 12 months or less unless renewable on long term basis and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on Straight Line basis over lease term.

(16) Taxes on income

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

**Current Tax**

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(17) Provisions, Contingent liabilities, Contingent assets and Commitments**(a) General**

The Company recognizes provisions for liabilities and probable losses that have been incurred when it has a present legal or constructive obligation as a result of past events and it is probable that the Company will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financing cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation:
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

(b) Other Litigation claims

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

(c) Onerous contracts

Provisions for onerous contracts are recorded in the statements of operations when it becomes known that the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

(18) Exceptional Items

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the

company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(19) Earnings per share

Basic Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. There are no dilutive potential equity shares.

(20) Segment accounting

The Operating segment of the company is Edible oils, Ceramics and Wind Power generation and the same have been evaluated on management approach as defined in IND AS-108 "Operating Segment". The company accordingly reports its financials under three segments.

(21) Financial statement classification

Certain line items on the balance sheet and in the statement of Profit and Loss have been combined. These items are disclosed separately in the Notes to the financial statements. Certain reclassifications have been made to the prior year presentation to conform to that of the current year. In general the company classifies assets and liabilities as current when they are expected to be realized or settled within twelve months after the balance sheet date.

(22) Fair value measurement

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

- **Level 1-** Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- **Level 2-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- **Level 3-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(23) Non-current assets held for sale and discontinued operations

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups are classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a complete sale within one year from the date of classification.

Discontinued operations are excluded from the results of continuing operations are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

Assets and liabilities classified as held for distribution are presented separately from other assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinate plan to disclose of a separate major line of business or geographical area of operations

Or

- Is a subsidiary acquired exclusively with a view to resale.

An entity shall not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

37. LEGAL MATTERS PENDING BEFORE VARIOUS COURTS AND NATIONAL COMPANY**LAW TRIBUNAL (Earlier Company Law Board)**

- Order dated 14.03.2012 passed by Hon'ble High Court of Judicature of Rajasthan, Bench at Jaipur inter alia in S.B. Civil Misc. Appeal No. 2218 of 2011 in respect of partition suit was set aside by the Hon'ble Supreme Court vide order dated 04.08.2014 and the matter was remitted back to Hon'ble High Court of Judicature of Rajasthan for its fresh consideration after hearing the parties. Hon'ble High Court of Judicature of Rajasthan, Bench at Jaipur, after hearing the parties, passed an order dated 06.04.2015 partially setting aside Order dated 10.02.2011 passed by the Court of Ld. ADJ, Jaipur. The order dated 06.04.2015 passed by Hon'ble High Court of Judicature of Rajasthan was challenged before the Hon'ble Supreme Court of India by the original Plaintiffs by filing SLP (C) No.11870 of 2015 and Hon'ble Supreme Court of India dismissed the SLP vide order dated 29.01.2019. After dismissal of the SLP filed by Original Plaintiffs there is no restraint order against the Company for transferring or alienating its properties/ assets or creating charge over the properties of the Company.
- The cases filed against or by the Company under Section 397-398 of the Companies Act, 1956 are still sub-judice before the Hon'ble National Company Law Tribunal (erstwhile Company Law Board), Jaipur/Kolkata which are yet to be heard finally by the NCLT.
- The Company owns 247500 equity shares of Saurabh Agrotech Pvt. Ltd., which were illegally transferred. This illegality has been challenged by the Company before the National Company Law Tribunal (NCLT) under Section 111 of the Companies Act, 1956. Since the case is sub-judice before NCLT and Hon'ble High Court of Judicature of Rajasthan, Bench at Jaipur, the holding of such investment is continued to be shown in the books of the Company.
- Presently, the Company is registered owner of SCOOTER trademark/device/logo and copyright holder for the artwork of SCOOTER Wavy device which is registered with Registrar of Trade Mark and Copyright in favour of the Company. The Company is taking appropriate legal action against all the persons who are infringing its trademark and copyright. The Company is also defending its right before the Hon'ble Courts and Tribunals, wherever the challenges against use of 'Scooter' and /or any other intellectual property rights of the Company have been made.
- The Company filed an Appeal before Appellate Authority, PMLA, Delhi titled Vijay Solvex Limited Vs. Deputy Director, Enforcement of Directorate against order dated 02.05.2019 passed by the Adjudicating Authority, PMLA registered as FPA-PMLA-3117/PTN/2019 and also filed an application for de-freezing the bank account of the Company held in State Bank of India. The application for de-freezing of accounts has been allowed by the Appellate Authority vide order dated 24.07.2019. The said appeal is fixed for hearing on 30.07.2024.

- That a 2nd supplementary complaint registered as Special trial No. (PMLA) 01/2020 has been filed before Special judge PMLA Patna in main complaint no. 02/2018 dated 18.07.2018 (in ECIR No. PTZO/05/2016 dated 26.12.2016) before Ld. Sessions Judge (Special Judge (PMLA), Patna for impleading Vijay Solvex Limited as Accused No. 8 in the main complaint. The 2nd Supplementary complaint was listed on 29.05.2024 and same has been fixed for hearing on 10.07.2024.
- The Company had filed an application before Directorate of Marketing & Inspection of Agriculture, Cooperation & Farmer Welfare for inclusion of its registered trademark / Trade Brand Label "SCOOTER" for Mustard Oil in CA Book in the year 2016 in terms of the provisions of Agricultural Produce (Grading and Marking) Act, 1937 and Rules made thereunder. However, the said Trade Brand Label "SCOOTER" has not been included in the CA Book of the Company till date. Therefore, Company filed a Civil Writ Petition before the Hon'ble High Court of Rajasthan at Jaipur Bench, being SB Civil Writ Petition No. 16821/2022. Respondent i.e., Directorate of Marketing & Inspection of Agriculture, Cooperation & Farmer Welfare has filed its reply to the Writ Petition. The Hon'ble High Court of Rajasthan, Jaipur Bench vide its Order dated 23.01.2023 directed to implead M/s Vijay Industries as a necessary party as Respondent No. 3. M/s Vijay Industries, Respondent No. 3 has filed its reply and the Company also filed its rejoinder to the reply of Respondent No. 3. The Writ Petition is fixed for hearing on 16.08.2024.
- The Company entered into a contract for purchase of Crude Degummed Soybean Oil (Goods) on 03rd March 2022 with ADM International SARL (Seller). The Company opened the Letter of Credit in the favour of Seller. The goods arrived in India at Kandla Port. However, Seller could not deliver the goods in the absence of valid documents including Bill of Lading. The documents provided by Seller to the Company were also not as per agreement. The delivery could not be made to the Company in time deteriorating quality of the goods.
- The Seller requested for extension of validity of Letter of Credit. In the meantime, the prices of goods fell down drastically in the International Market, and Seller tried to sell the goods beyond delivery period at contract price and this proposal was rejected by the Company.
- The Seller invoked the Arbitration and filed Claim towards alleged damages before FOSFA. The Company filed its reply, however, FOSFA Tribunal without providing opportunity for Oral Hearing passed an award dated 14.06.2023 against the Company. As per the Award, the Company was directed to pay to Sellers default damages of US\$ 400,000.00 (United States Dollars four hundred thousand) plus interest thereon @ 4.5% P.A. from 6th August, 2022 to the date of payment, compounded quarterly and also to pay the fees, costs and expenses of the award in the sum of £17,167.50 (Seventeen Thousand, One Hundred and Sixty-Seven Pounds Sterling with Fifty Pence) together with compound interest @ 4.5% per annum from the date of the Award till the date of payment.
- The award dated 14.06.2023 has been challenged by the Company before the Appellate Authority of FOSFA. Proceedings and arguments before the Appellate Authority of FOSFA was completed on 24.01.2024 and the order/ Award of the Appellate Authority of FOSFA is awaited.

The Company is hopeful that the pending cases would be decided in favour of the Company.

38. As per IND AS-19 " Employee Benefits"

The disclosure of employees benefit as defined in the Indian Accounting Standard-19 "Employee Benefits" are as follows:

38.1 Defined Contribution Plan

3. Mortality	IALM(2012-14)	IALM(2012-14)
4. Salary Escalator	8.00%	8.00%

38.3 Risk Factors:- Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20,00,000).

38.4 Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	(In Rs.)	
	31-Mar-2024	31-Mar-2023
Defined Benefit Obligation (Base)	27929149.00	25792531.00

Particulars	(In Rs.)			
	31-Mar-2024		31-Mar-2023	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	2,95,51,033	2,64,84,799	2,72,33,922	2,45,00,714
(% change compared to base due to sensitivity)	5.8%	-5.2%	5.6%	-5.0%
Salary Growth Rate (- / + 1%)	2,66,98,630	2,92,36,094	2,46,48,383	2,70,25,051
(% change compared to base due to sensitivity)	-4.4%	4.7%	-4.4%	4.8%
Attrition Rate (- / + 50% of attrition rates)	2,78,93,895	2,79,44,948	2,57,90,753	2,57,80,786
(% change compared to base due to sensitivity)	-0.1%	0.1%	0.0%	0.0%
Mortality Rate (- / + 10% of mortality rates)	2,79,28,478	2,79,29,815	2,57,92,199	2,57,92,860
(% change compared to base due to sensitivity)	0.0%	0.0%	0.0%	0.0%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

40. Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk. This note explains the source of risk which the company is exposed to and how to manages the risk and its impact in the financial statement. The board of directors provides guiding principle for overall risk management, as well as policies covering specific area i.e. Foreign exchange risk, Credit risk & Investment of Surplus liquidity. The companies risk management is carried out by finance department, accordingly, this department identifies, evaluation and hedges financial risk.

A) Credit Risk

The Company takes on exposure to Credit risk, which is the risk that counterparty will default on its contractual obligations. Credit risk arises from trade receivable, Loan and other financial assets.

Credit Risk Management

The main source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit Approvals, establishing credit limits and continuously monitoring the creditworthiness of customer to whom credit is extended in normal course of business. The company estimates the expected credit loss on the basis of past data and experience. Expected credit losses of financial assets receivable in next 12 months are estimated on the basis of historical data provided the company has reasonable and supportable data. On such an assessment the expected losses are nil or negligible.

Review of outstanding trade receivables and financial assets is carried out by management each quarter. The company do not have any doubtful debts hence, no provision for bad and doubtful debts have yet been made in accounts.

**B) Liquidity risk**

The principle source of liquidity of the Company are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The Company believes that current cash and cash equivalents, tied up borrowing lines and cash flow that is generated from operations is sufficient to meet requirements. Accordingly, Liquidity risk is perceived to be low.

**INDEPENDENT AUDITORS' REPORT****TO THE MEMBERS OF VIJAY SOLVEX LIMITED****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of Vijay Solvex Limited (“the Company”) and its associates listed in Annexure-1, which comprise the Consolidated Balance Sheet as at March 31, 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the material accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2024, the consolidated profit, consolidated total comprehensive income/(Loss), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements *section* of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard, as for the year ended 31-3-2024 the other information has not yet been prepared and not yet been approved by the board of directors.

Management's Responsibility for the Consolidated Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. The Board of Directors of the company and of its associates are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and of its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate material accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of consolidated financial statements by the directors of company and of its associates as aforesaid.

In preparing the consolidated financial statements, the Board of Directors of the company and of its associates are responsible for assessing the Company and of its associates ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company and of its associates are also responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of material accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company and of its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. For the other entities included in the consolidated financial statements, whose Unaudited financial statements duly certified by management of respective companies and furnished by the Board of Directors, the respective companies management remain responsible for the direction, supervision and performance of the Unaudited financial statements. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Consolidated Financial Statements include share of profit/(Loss) including other comprehensive income/(Loss) of Rs. 39.23 Lacs for the year ended 31-03-2024 as considered in Consolidated Financial Statements in respect of associates whose management certified financial statement/ financial information have been furnished to us by Board of Directors and our opinion on the Consolidated financial statements in so far as it relates to the amount in respect of these associates is solely based on such management certified Unaudited Financial Statement.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the financial statement as certified by management of respective companies and forwarded to us by Board of Directors of the Company.

**Annexure - A to the Auditors' Report****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls over financial reporting of Vijay Solvex Limited, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial Controls over financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or

fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

- NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH' 2024

CORPORATE AND GENERAL INFORMATION

Vijay Solvex Limited ("the Company") is domiciled and incorporated in India and its equity shares are listed at Bombay Stock Exchange (BSE). The registered office of Company is situated at BHAGWATI SADAN, SWAMI DAYANAND MARG, ALWAR (RAJASTHAN). The Company is a leading manufacturer/producer of Edible Oil and vanaspati ghee. The company is also diversified into ceramics products and wind power. The Consolidated financial statements of the company for the year ended 31st March 2024 were approved and authorized for issue by board of directors in their meeting held on 30-05-2024.

MATERIAL ACCOUNTING POLICIES

(1) Basis of Preparation

These Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act 2013("The Act"),the Companies (Indian Accounting Standard) Rules, 2015 (as amended) and other relevant provisions of the Act.

The Consolidated financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the Consolidated financial statements and notes are in INR except otherwise indicated. The Financial statement are presented in indian Rupees rounded off to the nearest rupees in Lacs except otherwise indicated.

(2) Principle of Consolidation

The Consolidated financial statement represents consolidation of accounts of Company and Associates. Investment in Associates has been accounted under equity method as per Ind AS-28 "Investment in Associates and Joint ventures".

(3) Classification of Assets and Liabilities into current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

**(4) Use of judgements, estimates and assumptions**

The preparation of the company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in :-

a) Useful life of property, plant and equipment:- The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately, the equipment may continue to provide useful service well beyond the useful life assumed.

b) Fair value measurement of financial instruments:- When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets:- The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes:- Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statues by the government etc.

e) Defined benefit plans:- The cost of defined benefit plans and other post-employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

f) Provisions:- The Company makes provisions for leave encashment and gratuity, based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process.

g) Contingencies:- A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

h) Lease:- The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The company determines the lease term as the non-cancellable period of lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In exercising whether the company is reasonably certain to exercise an option to extend a lease or to exercise an option to terminate the lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease or to exercise the option to terminate the lease. The

company revises lease term, if there is change in non-cancellable period of lease. The discount rate used is generally based on incremental borrowing rate.

(5) Property, plant and equipment

(i) Property, plant and equipment situated in India comprising land other assets namely Building, Plant & Machinery, Office equipment etc. The company has elected to continue with the carrying value as its deemed cost on 1.4.2016 measured as per previous GAAP and use that carrying value as its deemed cost as on the transition date. The cost of Tangible assets comprises its purchase price, borrowing cost, any other cost directly attributable to bringing the assets into present location and condition necessary for it to be capable of operating in the manner intended by the Management, initial estimation of any de - commissioning obligations and finance cost.

(ii) Depreciation

Depreciation on Property, Plant & Equipment is provided on Straight Line Method over their useful lives and in the manner specified in Schedule II of the Companies Act,2013. Property, Plant & Equipment which are added/disposed off during the year the depreciation is provided on pro rata basis with reference to month of addition/deletion. Estimated useful life are as under:

Assets Category	Estimated useful life(In Year)	Useful Life taken (In Year)
Plant & Machinery	25	25
Misc. Fixed Assets	15	15
Computer desktop and laptop	3	3
Servers and networks	6	6
Office Equipment	5	5
Factory Building	30	30
Office Building	60	60
Motor Car	8	8
Vehicles	10	10
Furniture and Fixtures	10	10
Lab Equipment	10	10

(iii) Component Accounting

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

(iv) Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/ erection.

(v) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.

(vi) The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

**(6) Investment properties**

Investment properties consist of investments in land and buildings that are held to earn rental income or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business. Investment property is stated at cost less accumulated depreciation and impairment losses. Depreciation on building is provided over the estimated useful lives as specified in Schedule II to Companies Act, 2013. The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

(7) Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Intangible assets are amortised on a systematic basis over period useful life. For the transition to IND AS, The company has elected to continue with the carrying value of all its intangible assets recognised as of April 1, 2016 measured as the previous GAAP and used that carrying value as deemed cost as of the transition date.

(8) Research and development cost**Research Cost**

Revenue expenditure on research is expensed under the respective heads of accounts in the period in which it is incurred.

Development Cost

Development expenditure on new product is capitalised as intangible asset, if technical and commercial feasibility as per IND AS 38 is demonstrated.

(9) Inventories

Inventories are stated at lower of cost and net realisable value. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and selling costs. The cost is computed on FIFO basis.

Cost of raw material comprises cost of purchase and includes all other costs incurred in bringing the inventories to the present location and conditions.

Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Conversion cost includes direct material, labour and allocable material and manufacturing overhead based on normal operating capacity

(10) Financial instruments

A financial instrument is any contract that at the same time gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized as soon as the company becomes a contracting party to the financial instrument. Financial instruments stated as financial assets or financial liabilities are generally not offset; they are only offset when a legal right to set-off exists at that time and settlement on a net basis is intended.

A. Financial assets

Financial assets include trade receivable, cash and cash equivalents, derivative financial assets and also the equity / debt instruments held. Initially all financial assets are recognised at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for those financial assets and their contractual cash flow characteristics. Subsequently, based on initial recognition/ classification, where assets are measured at fair value, gain and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

**Trade receivables**

Trade receivables are recognised initially at fair value and subsequently measured at amortized cost less credit loss/impairment allowances. Receivables that do not bear interest or bear below market interest rates and have an expected term of more than one year are discounted with the discount subsequently amortized to interest income over the term of the receivable. Impairment is made on the expected credit losses, which are the present value of the cash deficits over the expected life of receivables. The estimated impairment losses are recognised in the Statement of Profit and Loss. Subsequent changes in assessment of impairment are recognized in the Statement of Profit and Loss as changes in estimates. The company makes provision for expected credit loss against trade receivables based on the simplified approach (i.e. the loss allowance is measured as the amount equal to lifetime expected credit losses).

Loans & other financial assets

Loans and other financial assets are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and other financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

Investment in equity shares

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss for investments held for investment is recognized through Other Comprehensive Income. Any subsequent gain or loss for investment held for trading are recognized through Statement of Profit and Loss.

Investment in associates, joint venture and subsidiaries

The Company's investment in subsidiaries, associates and joint venture are carried at cost except where impairment loss recognised.

De-recognition of financial assets

The company de-recognises a financial assets only when the contractual rights to the cash flows from the assets expire or it transfers the financial assets and substantially all risks and rewards of ownership of the assets to another entity. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred assets, the company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial assets. The Company continues to recognise the financial assets and also recognises a collateralised borrowing for the proceeds received.

B. Financial liabilities

Financial liabilities such as loans and borrowings and other payables are recognized initially on the trade date, which is the date that the Company becomes a party to the contractual terms of the instrument. Financial liabilities other than fair valued through profit and loss are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

Financial liabilities at fair value through profit or loss

It include financial liabilities held for trading and are designated such at initial recognition. Financial liabilities are held for trading if they are incurred for the purpose of repurchasing in near term and also include Derivatives that are not part of an effective hedge accounting in accordance with IND AS 109 , classified as "held for trading" and carried at fair value through profit or loss. Financial liabilities at fair value through profit or loss are measured at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at amortised cost

Post recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. Trade accounts payable and other non-derivative financial liabilities are in general measured at amortized cost using the effective interest method. Finance charges, including premiums payable on redemption or settlement, are periodically accrued using the effective interest method and increase the liabilities' carrying amounts unless they have already been settled in the period in which they were incurred.

De-recognition of financial liabilities

The company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

In the ordinary course of business, the company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange rate fluctuations. The instruments are confined principally to forward exchange contracts.

Derivative are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Financial guarantee contracts

As per IND AS -109 "Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument."

Initial recognition

The date the company becomes a party to the irrevocable commitment is considered to be the date of initial recognition and Financial guarantee contracts are recognised as liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

(11) Impairment of non-financial assets

At each reporting date, the company assesses whether there is any indication that a non-financial asset may be impaired. If any such indication exists, the recoverable amount of the non-financial asset is estimated in order to determine the extent of the impairment loss, if any. Recoverable amount is determined:

- In the case of an individual asset, at the higher of the Fair Value less cost to sell and the value in use: and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

Where it is not possible to estimate the recoverable amount of an individual non-financial asset, the company estimates the recoverable amount of the smallest cash generating unit to which the non-financial asset belongs. The recoverable amount is the higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. If the recoverable amount of a non-financial asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the non-financial asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognized immediately in the statement of Profit and Loss. Where an impairment loss subsequently reverses, the carrying amount of the non-financial asset or cash generating unit is increased to the revised estimate of its recoverable amount. However, this increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for that non-financial asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized immediately in the statement of Profit and Loss.

**(12) Foreign currency transactions**

(i) The functional and Presentation currency

The functional and Presentation Currency of Company is INR.

(ii) Transaction and Balances

Currency Transactions denominated in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in such currencies are retranslated at the rates prevailing on the balance sheet date. Profit and losses arising on exchange are included in the net profit or loss for the period. Pursuant to exemption given under IND AS 101 the company has continued the policy for accounting for amortization of exchange differences arising from translation of long-term foreign currency monetary items over the tenure of loan. Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference.

(13) Revenue recognition

In accordance with Ind AS 115, the company recognises revenue from sale of products and services at a time when performance obligation is satisfied and upon transfer of control of promised products or services to customer in an amount that reflects the consideration the company expects to receive in exchange for their products or services. The company derives revenue primarily from sale of manufactured goods and traded goods. The company disaggregates the revenue based on nature of products/Geography. Revenue/Loss from bargain settlement of goods is recognized at the time of settlement of the transactions.

• Dividend income

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

• Interest income

Interest income is recognised on effective interest method taking into account the amount outstanding and the rate applicable.

(14) Employees Benefits**(a) Short term employee Benefit**

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus are recognized during the period in which the employee renders related service.

(b) Defined Contribution Plan

Contributions to the Employees' Provident Fund and Employee's State Insurance are recognized as Defined Contribution Plan and charged as expenses in the year in which the employees render the services.

(c) Defined Benefit Plan

The Leave Encashment and Gratuity are defined benefit plans. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each balance sheet date, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. Re-measurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods. Past Service cost is recognised in the statement of profit and loss in the period of plan amendment.

The Company recognises the following changes in the net defined benefit obligation under employee benefit expenses in the statement of profit and loss.

- Service costs comprising current service costs, gains and losses on curtailments and non-routine Settlements.
- Net interest income or expense.

**(d) Long term Employee Benefit**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.

(e) Termination benefits

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (i) when the entity can no longer withdraw the offer of those benefits; and
- (ii) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

(15) Borrowing costs

(a) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

(b) For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

(c) All other borrowing costs are recognised as expense in the period in which they are incurred.

(16) Leases

The company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measures at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any re-measurement of lease liability. The right of use assets is depreciated using the Straight Line Method from the commencement date over the charter of lease term or useful life of right of use asset. The estimated useful life of right of use assets are determined on the same basis as those of Property, Plant and Equipment. Right of use asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in Statement of Profit and Loss.

The company measured the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company uses incremental borrowing rate.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modification or to reflect revised-in-substance fixed lease payments. The company recognises amount of re-measurement of lease liability due to modification as an adjustment to write off use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and there is further reduction in measurement of lease liability, the company recognises any remaining amount of the re-measurement in Statement of Profit and Loss.

The company has elected not to apply the requirements of Ind AS 116 to short term leases of all assets that have a lease term of 12 months or less unless renewable on long term basis and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on Straight Line basis over lease term.

(17) Taxes on income

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(18) Provisions, Contingent liabilities, Contingent assets and Commitments

(a) General

The Company recognizes provisions for liabilities and probable losses that have been incurred when it has a present legal or constructive obligation as a result of past events and it is probable that the Company will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financing cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation:
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

(b) Other Litigation claims

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

**(c) Onerous contracts**

Provisions for onerous contracts are recorded in the statements of operations when it becomes known that the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

(19) Exceptional Items

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(20) Earnings per share

Basic Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. There are no dilutive potential equity shares.

(21) Segment accounting

The Operating segment of the company is Edible oils, Ceramics and Wind Power generation and the same have been evaluated on management approach as defined in IND AS-108 "Operating Segment". The company accordingly reports its financials under three segments.

(22) Financial statement classification

Certain line items on the balance sheet and in the statement of Profit and Loss have been combined. These items are disclosed separately in the Notes to the financial statements. Certain reclassifications have been made to the prior year presentation to conform to that of the current year. In general the company classifies assets and liabilities as current when they are expected to be realized or settled within twelve months after the balance sheet date.

(23) Fair value measurement

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

- **Level 1-** Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- **Level 2-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

- **Level 3-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(24) Non-current assets held for sale and discontinued operations

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups are classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a complete sale within one year from the date of classification.

Discontinued operations are excluded from the results of continuing operations are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

Assets and liabilities classified as held for distribution are presented separately from other assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinate plan to disclose of a separate major line of business or geographical area of operations

Or

- Is a subsidiary acquired exclusively with a view to resale.

An entity shall not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

3. Mortality	IALM(2012-14)	IALM(2012-14)
4. Salary Escalator	8.00%	8.00%

38.3 **Risk Factors:-** Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20,00,000).

38.4 **Sensitivity Analysis**

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	(In Rs.)	
	31-Mar-2024	31-Mar-2023
Defined Benefit Obligation (Base)	27929149.00	25792531.00

Particulars	(In Rs.)			
	31-Mar-2024		31-Mar-2023	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	2,95,51,033	2,64,84,799	2,72,33,922	2,45,00,714
(% change compared to base due to sensitivity)	5.8%	-5.2%	5.6%	-5.0%
Salary Growth Rate (- / + 1%)	2,66,98,630	2,92,36,094	2,46,48,383	2,70,25,051
(% change compared to base due to sensitivity)	-4.4%	4.7%	-4.4%	4.8%
Attrition Rate (- / + 50% of attrition rates)	2,78,93,895	2,79,44,948	2,57,90,753	2,57,80,786
(% change compared to base due to sensitivity)	-0.1%	0.1%	0.0%	0.0%
Mortality Rate (- / + 10% of mortality rates)	2,79,28,478	2,79,29,815	2,57,92,199	2,57,92,860
(% change compared to base due to sensitivity)	0.0%	0.0%	0.0%	0.0%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

40. Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk. This note explains the source of risk which the company is exposed to and how to manages the risk and its impact in the financial statement. The board of directors provides guiding principle for overall risk management, as well as policies covering specific area i.e. Foreign exchange risk, Credit risk & Investment of Surplus liquidity. The companies risk management is carried out by finance department, accordingly, this department identifies, evaluation and hedges financial risk.

A) Credit Risk

The Company takes on exposure to Credit risk, which is the risk that counterparty will default on its contractual obligations. Credit risk arises from trade receivable, Loan and other financial assets.

Credit Risk Management

The main source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit Approvals, establishing credit limits and continuously monitoring the creditworthiness of customer to whom credit is extended in normal course of business. The company estimates the expected credit loss on the basis of past data and experience. Expected credit losses of financial assets receivable in next 12 months are estimated on the basis of historical data provided the company has reasonable and supportable data. On such an assessment the expected losses are nil or negligible.

Review of outstanding trade receivables and financial assets is carried out by management each quarter. The company do not have any doubtful debts hence, no provision for bad and doubtful debts have yet been made in accounts.

B) Liquidity risk

The principle source of liquidity of the Company are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The Company believes that current cash and cash equivalents, tied up borrowing lines and cash flow that is generated from operations is sufficient to meet requirements. Accordingly, Liquidity risk is perceived to be low.
